IEEE Computer Society Global Student Challenge

Can Your Students Invent a Better World through Technology?

The IEEE Computer Society Global Student Challenge is an international challenge asking students to create a solution, based on the IEEE Computer Society 2022 Report , that will solve a real-world issue in a smart, fresh, and innovative way.

The Challenge Propose a solution to a real world-problem and exhibit your ingenuity. The winning submission may receive up to $1,500 and travel expenses to attend and be recognized publicly during the IEEE Computer Society Annual Awards Banquet in Phoenix, AZ, USA on 14 June 2017.

To enter submit a PowerPoint presentation, a video or an Illustrated storyboard along with a supporting essay (maximum 1,000 words) on what technologies in the 2022 report are being utilized and why you think your solution will work. In the essay through a link please include a working prototype, demo, or code.

Deadline to enter is 1 April 2017

Submission details to post your entry are now on the website.

 Enter here for more information on the challenge including guidelines, links, and important dates.

We hope to see one of your students in Phoenix!

Are some of your students not a member of IEEE Computer Society?
They can join today for only US$40! That gives them membership to both IEEE and the Computer Society plus unlimited access to the Computer Society Digital Library.
